

Form regarding application for exemption from active research environment change for a period of less than three months

An exemption must be requested and approved via this form if a planned active research environment change is shorter than three months. The form must be completed by the PhD student and submitted to the main supervisor for approval. The exemption application must include a compensatory plan explaining how the requirement for an active research environment change will be fulfilled, as well as how the PhD student will achieve international collaboration by alternative means. The exemption must be approved by the Graduate School.

This application form must be submitted to your Head of Programme for approval.
